Description:

[MORSE IS] THE MOST PRICKLY, CONCEITED, AND GENUINELY BRILLIANT DETECTIVE SINCE HERCULE POIROT.--The New York Times Book Review
This time Inspector Morse brings the imposition on himself. He could have been vacationing in Greece instead of investigating a murder that the police have long since written off. But he finds the crime--the brutal killing of a suburban churchwarden--fascinating. In fact, he uncovers not one murder but two, for the fatal fall of St. Frideswides vicar from the church tower Morse reckons to be murder as well. And as he digs into the lives and unsanctified lusts of the late vicars erring flock, the list of the dead grows longer. Not even the oddly appealing woman he finds scrubbing the church floor can compensate Morse for the trouble hes let himself in for. So he has another pint, follows his hunches,

and sets out to untangle the deadly business of homicide. . . .A BRILLIANTLY PLOTTED DETECTIVE STORY.--Evening Standard (London)WILY. . . ELEGANT.--Observer (London)From the Paperback edition.

Liked the Morse TV series. Wanted to read some of the books. This one has an unexpected ending only because there is no way in (expletive) that the murder could work out as solved! I enjoyed it to the final chapter, then the book fell apart with stupidity. Had I been on the jury, I would have acquitted based on the extreme improbability. Not beyond a reasonable doubt. Not the balance of evidence. Ranked right up there with accusing space aliens of the crime!
